project timesheet

TIMETracker lite

a free time sheet for professionals

Time Tracker Lite is a free project timesheet for professionals

Time tracker Lite, is simple, ready to use Free Time Sheet software, that enables you to track time spent, on various project or activities and increase productivity.

Generally Professionals such as designers, consultants, architects etc, charge client on time and material basis, or on fixed cost. In both cases, it is important to track the actual time spent versus the estimated.

Hence they prefer to manage time sheets in excel, managing time in excel has its own limitation, it's tedious, less organized and information is not readily available.
Time tracker Lite is useful for such professionals, who work on multiple projects, and find it difficult to track, time spent on each project.

still managing timesheet in excel ?
